

ABDULLAH KHAN

Full-Stack Developer | Webflow & WordPress Specialist

abdullahkhan824779@gmail.com | +92 370 0158852 | [abdullahdev3.vercel.app](#) | House No. 271, Unit 8, Latifabad, Hyderabad

SUMMARY

Results-driven **Full-Stack Web Developer** and Software Engineering student with over 3 years of professional experience designing, building, and optimizing web applications. Expert in **Full-Stack Web Development (React, Node.js, Express, TypeScript, MongoDB)**, advanced **Webflow** development (CMS & custom interactions), **Framer**, **Shopify**, and custom **WordPress** solutions. Proven ability to architect RESTful APIs, responsive layouts, secure auth flows, and high-performance digital solutions for real estate, e-commerce, and corporate clients. Dedicated to clean code, scalable architecture, and conversion-focused user experiences.

WORK EXPERIENCE

Full-Stack & CMS Developer | Brixq Software House

2024 – Present

- Designed, developed, and deployed full-stack web applications, custom Webflow sites, Framer layouts, and custom **WordPress** solutions for local and international clients across real estate, e-commerce, and corporate sectors.
- Built custom Webflow CMS architecture, complex interactions, and responsive web interfaces using HTML5, CSS3, JavaScript, and React, ensuring seamless cross-browser performance.
- Engineered custom eCommerce storefronts on Shopify and WooCommerce with product management, custom checkout flows, and payment gateway integrations.
- Optimized page load speeds, Core Web Vitals, and technical SEO fundamentals to enhance search visibility and user conversion rates.
- Collaborated with cross-functional design and engineering teams to deliver projects on time while adhering to high-quality code and UI/UX standards.

Full-Stack Developer Intern (Virtual) | CodeAlpha

Aug 2026 – Sep 2026

- Engineered full-stack web application modules, implementing dynamic front-end components and robust back-end RESTful API endpoints.
- Developed responsive, cross-browser compatible user interfaces and integrated secure server-side database workflows.
- Successfully fulfilled all program requirements, earning an official **Certificate of Completion** and **Letter of Recommendation (LOR)**.

PROJECTS

SHOP.CO — Full-Stack E-Commerce Application (TypeScript & Node.js)

2026

- Architected full-stack e-commerce web app using React, TypeScript, Node.js, Express, and MongoDB with Redux Toolkit state management.
- Developed RESTful API endpoints for JWT authentication, product search/filtering, persistent shopping cart syncing, and order processing.

Sastagram — Full-Stack Social Media Platform (React, Node.js & MongoDB)

2026

- Engineered responsive full-stack social web app featuring user authentication, photo sharing, dynamic feeds, and real-time interaction systems.
- Developed backend REST APIs for post management, user profiles, and image asset uploads with optimized database schemas.

Singapore Real Estate Websites | savewithproperty.sg

2024

- Developed high-converting Singapore real estate platforms featuring dynamic property listing pages, lead generation systems, and custom landing layouts.

eCommerce Website Development | thesoulprojectkw.com

2024

- Designed and launched WooCommerce and Shopify online stores, complete with inventory management systems and seamless payment gateway setups.

Business & Corporate Website | peshawarzalmi.com

2025

- Built corporate website using Webflow & Framer, focusing on high-speed performance, clean brand identity, micro-interactions, and fluid responsiveness.

EDUCATION

Bachelor of Science in Software Engineering (BSSE)

2025 – Present

Hyderabad Institute for Technology and Management Sciences (HITMS) — Focus on OOP, Web Tech & Data Systems

Intermediate — Pre-Engineering

2023 – 2025

Degree College Hyderabad — Strong foundation in Mathematics & Computer Science
